---

## SKILLS

- **HTML, CSS, Js**
  - **Python**
  - **Canva Design**
- 

## EDUCATION

### **B.E Electronics and Communication Engineering**

August 2022 – August 2026

Dhanalakshmi Srinivasan Engineering College

Anna University

---

## PROJECTS

### **Portfolio Website**

*Personal Project — View on my GitHub pages for public access*

- Designed and deployed a responsive portfolio site to showcase projects and skills
- Built using HTML, CSS and JavaScript

### **Qr Code Generator**

*HTML, CSS, JavaScript*

- Developed a web-based QR Code Generator that converts user input (text, URLs) into scannable QR code
  - Deployed on GitHub pages for public access
- 

## INTERNSHIP

### **UI/UX Exploration**

- I learned UI/UX design through online classes, focusing on creating user-friendly and visually appealing interfaces.

### **Embedded System**

July 2024 – August 2024

National Small Industries – Chennai

- I attended an internship in Embedded Systems, where I gained practical knowledge in microcontroller programming and hardware interfacing.
- 

## CERTIFICATES

### **Cloud Computing**

April 2024

- I successfully completed a Cloud Computing certification program, where I learned the fundamentals of cloud infrastructure and services.

### **UI/UX Exploration**

January 2025

- I completed a UI/UX Design course through Learnathon by ICT Academy, where I learned the principles of creating user-friendly interfaces.
